KUNMSTECH

WEIGH & AUTOMATION LTD

PRODUCT CATALOGUE PROFILE

High Tech Solution In Sales, Installation & Maintenance Of Digital And Analog Weighbridge, Lpg Scales, Weighing Scales, Multimedia Packages, Laboratory Equipment & Machinery Lifter In Modern Engineering Metrology And Consultancy Services

YOUR BEST PLACE FOR WEIGH TRANSFORMATION

ABOUT THE COMPANY

The company **KUNMSTECH WEIGHING** operate under registered trading number (RC. 1913783) specialize in sales, installation and maintenance of digital and analogue weighing scale, laboratory balances and multimedia weighing package in modern engineering metrology and general supplies. We currently at Mountain Plaza 762, Abeokuta expressway, Abucon Bus Stop, Opposite Energy Station Alagbado Lagos.

Our mission is to add value to weighing technology and manufacturing industries in Nigeria and other part of the world through offering valuable technical support and professional service. And to become one of the leading high tech service provider in modern weighing metrology.

PRISM:

It is simply an approach to performance management which is designed to take account of interest of all stakeholders, such as clients/customers, employees, legislation, and local communities. It is based on the principle that the performance of an organization depends on how effective it meets the needs and requirement of all its stakeholders. It recognizes the need to work with stakeholders to ensure their needs are met.

What do Kunmstech regular customers want and need?

Quality Service, Prompt Delivery Of Service, Cordial Relationship & Information

What strategies have/will Kunmstech adopt(ed) to ensure that these wants and needs are satisfied?

Regular Customer's Contact, Proactive conduct, Promote Superiority Of Core Service & Market

What processes have/will Kunmstech put in place to ensure that these strategies are delivered?

Customer service strategy, Speedy Attendance to Distress Calls, Periodic Stock Count & Communication Flow Periodic Activity Review

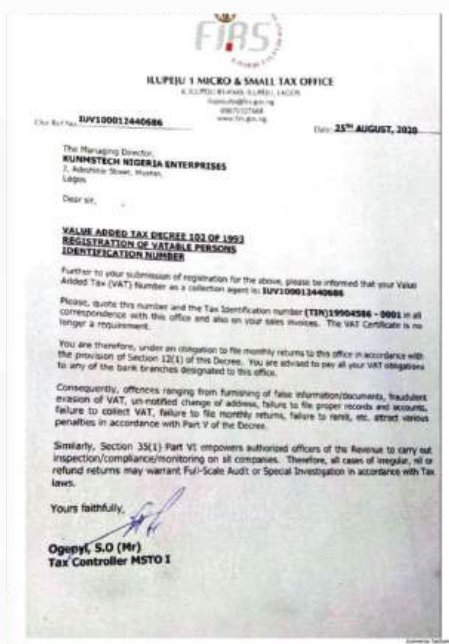

What capabilities does Kunmstech require to ensure abide by for operation?

Team Work, Skills, Robust Network & Modern Technology.

What do Kunmstech regular customers want and need?

Quality Service, Prompt Delivery Of Service, Cordial Relationship & Information

PRODUCTS CERTIFICATE AND ORGANIZATION CERTIFICATE

OUR PRODUCTS

MODERN WEIGHING SCALE: Availability of electronics digital platform scale of various capacities e.g. 500kg, 300kg, 200kg and 100kg. Top-loading weighing scale and complete truck weighbridge such as 50 tons 60 tons, 80 tons, 100 tons and 120 tons

INDUSTRIAL TANKS AND AUTOMATION WEIGHING SYSTEMS

- Silo conversion and re-calibration
- In-process weighing systems and installation
- Batch and automated weighing system
- General service/maintenance and global calibration with weights and measure certificate
- Weighbridge supply, installation and maintenance.

LABORATORY EQUIPMENTS:

Such as ph. meter, moisture tester/ analyzer, analytical balances

INDUSTRIAL LIFTER:

Such as pallet truck, electronic modern pallet truck and stacker and conveyor belt

METROLOGY SPARES AND ACCESSORIES KITS:

- S-Load cell for conversion
- Feet load cell for floor scales
- Truck digital load cell and analogue cells of various capacities
- PCB card for weighing indicator and junction box
- Weighing indicators
- Dial mechanical platform scales
- Crane scales
- Mechanical steelyard scale
- Pocket balance
- Standard weight for calibration.

Our products are of high quality with recognized name in the world of metrology and affordable.

DIGITAL - ELECTRONIC WEIGHBRIDGE

Kunmstech Weighing is one of the suppliers of the most quality companies in weighbridge supply & Installation such as mass weigh, XK Services products electric digital weighbridge, XK Series all American Standard and Mettler Brand of Various capacity on customer request.

KUNMSTECH EQUIPMENTS

WEIGH BRIDGE

WEIGH INDICATORS AND TOP LOADING BALANCES

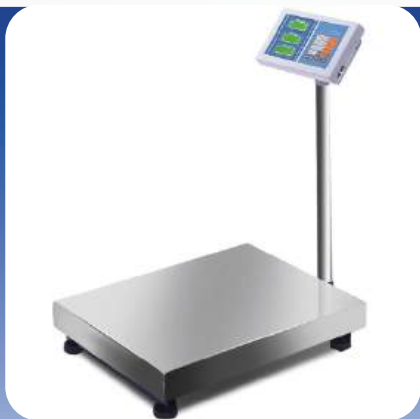

INDUSTRIAL WEIGHING SCALES

ELECTRONIC LOAD CELLS

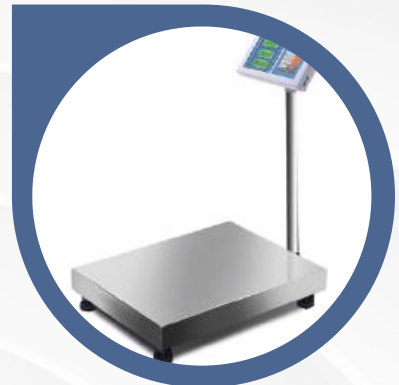

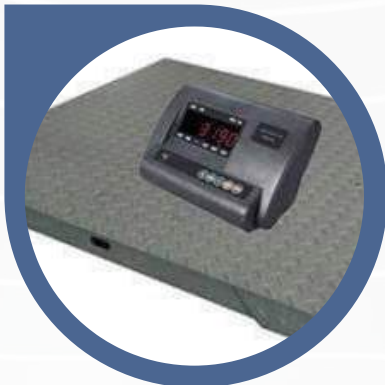

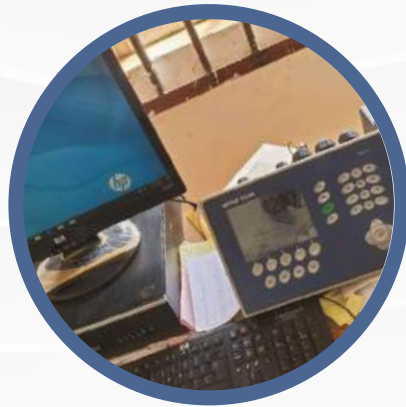

WEIGHBRIDGE & PLATFORM SCALE

INDICATOR/PLATFORM/FLOORSCALE

Kunmstech weighing has all it takes in selling of Bench scales, Platform scales; wash down water proof scales and floor weighing scales. we have the best European standard in scales. Our platform scales are very durable, accurate and versatile in all areas of consumer's application or needs to meet up with their modality.

Die cast platform for high resistance operations, steel module platform and stainless with rubber cushion protector are available in various specification and capacity while we have battery back-up operational, dry-cell operation with adaptor and ac multi usage pending on the conditional/environment to determine the type and specification to feet into your operational requirement. We are most concerned not just to supply but to orient technical incline to our customers need.

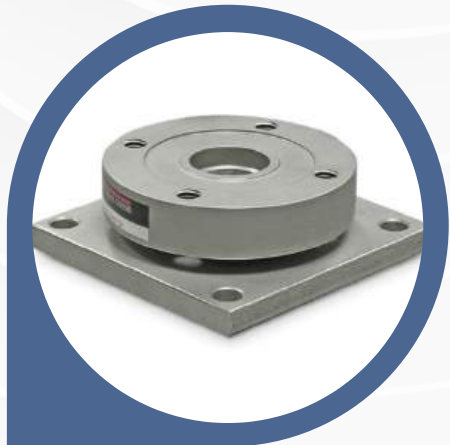

LOADCELL AND ACCESSORIES FOR TECHNICAL SUPPORT

S-Loadcell for Conversion

SQB Feet Loadcell: For Tanks, Floor Platform & Silo Tanks

Single Module Weighing System

LED Scoreboard Display

QS Stainless Loadcell Ball type

Column Type Loadcell

KUNMSTECH EQUIPMENTS

WEIGH BRIDGE

WEIGH INDICATORS AND TOP LOADING BALANCES

INDUSTRIAL WEIGHING SCALES

ELECTRONIC LOAD CELLS

MANUAL & ELECTRONIC STACKERS OF VARIOUS CAPACITY

**PALLET WEIGHING
SCALE**

MANUAL STACKER

**SEMI-ELECTRIC
STACKER**

Kunmstech Weighing is one of pioneer supplier of electric stacker, pallet stacker and weighing lifter. our company supply durable pallet stacker that is suitable for the consumers' applications.

NOTE: We have in stock these products with various capacity and Manual operation with availability spare parts.

MACHINERY AND EQUIPMENT

Rice Milling Bagging Machine

Flour Bagging Machine

Fertilizer Processing Bagging Machine

Powder Bagging Machine

KUNMSTECH ENGINEERING STANDARD FACILITIES

- Standard Test Weights (Various Capacities) with certified certificated
- Two (2) Official Cars for easy mobility
- One (1) Delivery Truck Vehicle
- Engineering Tools Box
- Calibration Truck
- Standard Workshop
- Corporate Office and show-room
- Welding and lifter machine for site work
- Work platform for loading and off-loading equipment
- Instrumentation tester for equipment analysis

MANAGEMENT MEMBERS

1.Chairman

ALH. Bashir Jargaba

2.Business Development Officer

Engr. Olalere Hamed (BDM)

3.Admin Head

Miss Aisha Yahaya

4.Structure and Planning

Mrs Christiana Olalere

5.Project Coordinator

Engr. Uthman Popoola

6.Engineering Head

Engr. Ridwan Olalere
